

UTILITY PIPE GUARANTEE & WARRANTY

UTILITY polyethylene pipe is guaranteed to be free from lead, chlorine and solvent contaminants.

LIMITED THREE YEAR WARRANTY

UTILITY pipe carries a limited three year warranty to the original retail purchaser whose property the product is installed when used in cold water line applications. **UTILITY** pipe is warranted against rust, rot and electrolytic corrosion or from any manufacturing defects in material or workmanship that could cause failure in normal approved installations. **UTILITY** pipe should not be used and is not approved for potable and static pressure water lines.

Having been satisfied of proper installation in acceptable applications, should **UTILITY** pipe fail due to manufacturing defect in material or workmanship the manufacturer agrees to:

Supply or credit a like amount of UTILITY pipe no charge, freight prepaid to the original retail purchaser at the location installed.

Compression joints, insert fittings, flared fittings or fusion joints are not covered under this warranty nor is failure resulting from elevated temperatures, mechanical damage, misuse, improper applications or installations. This warranty is void if heat, lubricants, detergents, soap products, pipe dope compounds, or surfactants of any type are used during installation. Chemicals present in the water that have adverse effects to the quality and longevity of **UTILITY** pipe also void this warranty.

All claims under this warranty must be accompanied by a pipe sample not less than two feet in length along with the name and address of the original retail purchaser and a specific statement of the alleged defect along with a proof of purchase addressed to:
